

## TAKE SEPTA CCT TO GET YOUR COVID-19 VACCINE

SEPTA CCT has partnered with the City of Philadelphia to assist in providing safe, convenient travel to/from city or FEMA-run vaccination sites. SEPTA CCT provides door-to-door service from individuals' homes to the vaccination site, and then will bring individuals home after their appointment.

SEPTA has expanded [Customized Community Transportation \(CCT\)](#) service for seniors 65 or older, individuals with disabilities and/or access and functional needs or have a need for transportation support to get to their appointment. Individuals do not need to be previously registered with SEPTA CCT to use this service. These trips are free to the customer.

**Individuals can request a ride to their vaccination appointment by dialing 3-1-1 and selecting Option 5 between 8 a.m.-8 p.m. Monday through Friday.** Requests should be made at least **72 hours** before the date of the appointment. Appointment request will be forward to CCT for registration and trip processing. **To qualify, you must be a resident of Philadelphia and be unable to otherwise secure transportation to and from the [vaccination sites](#).** This service is provided free of charge. Those using CCT paratransit must have a confirmed vaccination appointment before requesting transportation.

In addition to this process, if a customer calls into the SEPTA CCT Reservation call center to book a trip to one of the designated vaccine sites, a trained agent assigned to the City/FEMA vaccine project will schedule the trip.

Individuals already registered with SEPTA CCT are still able to request a ride to a city or FEMA-run vaccination appointment free of charge.

The list of city health department clinics can be found [here](#). In addition, the Philadelphia Fire Department will be hosting rotating vaccination clinics at

- **Cannsrapper Volksfest Verein (starting 3/24)**
- **Salvation Army (starting 3/26)**
- **PFD Ogontz Avenue (starting 3/28)**
- **Lincoln High School (starting 3/31).**
