

Skeet Range Events, remainder of 2026

Hexathlon (Now a Pentathlon!) events remaining:

Note: These are “fun shoots” that have scoring but are NOT NSSA registered shoots

May 30, 2026, Reverse Skeet (moved from Feb original date)

Any gun but you will shoot the regular skeet event in reverse, i.e. start at station 8, Low then high bird, same at 7, 6 etc. At station 1,2,6,7 you will shoot the doubles before the singles and at 7 you must shoot the double in reverse, high bird then low.

June 27, 2026 **Ed Mayne Challenge –Pump Gun Only.**

This is the final event and generously sponsored by Don Hanby again this year.

Regular skeet but you must shoot a pump shotgun, same bonus for subgauge guns as the March event. Last year the overall scores were close near the finish so should be interesting.

NSSA Registered Shoots remaining as of April 2026:

May 23rd 12 ga and 28 ga

June 20th 12 ga and .410 ga

Sep 26th 12 ga and 12 ga DOUBLES
