## What investment services and advice can you provide me?

---

We offer investment advisory services to retail and institutional clients. **Accounts:** We service retail nonqualified and qualified accounts as well as all manner of institutional accounts. **Investments:** We use mutual funds, exchange-traded funds, and exchange-listed securities to construct portfolios. We may also recommend money market funds. **Monitoring:** We monitor portfolios and securities in accounts on at least an annual basis. We also meet with you at least annually depending on your needs. **Investment Authority:** We provide our services on a discretionary basis. We execute investment recommendations and specific transactions, in accordance with your investment objectives, without your prior approval, based upon discretionary account management status. If we have not been given discretionary authority, we consult with the client prior to each trade. Our engagement will continue until you notify us otherwise in writing. **Limited Investment Offerings:** We do not make available or offer advice with respect to proprietary products nor to a strictly limited menu of products or types of investments. **Account Minimums and Other Requirements:** We have no minimum account size. However, we have a \$12,000 minimum annual fee.

For more detailed information on our relationships and services, please see Item 4 – Advisory Services and Item 7 – Types of Clients of our Form ADV Part 2A.

### Conversation Starters

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

## What fees will I pay?

---

We charge an annual flat fee of \$12,000 billed in equal quarterly installments in advance. Certain clients may pay an asset-based fee under legacy arrangements, however, in no instance will the asset-based fee exceed \$12,000. **Conflicts of Interest:** For legacy clients not on a flat fee, the more assets in your advisory account, the more you will pay in advisory fees subject to our \$12,000 cap, and we therefore have an incentive to encourage you to increase the assets in your account. **Other Fees and Costs:** In addition to our advisory fee, you will also be responsible for custodian fees, account maintenance fees, fees related to mutual funds, and other transactional fees. You may also pay a fee to an outside manager if one is utilized for the management of your portfolio.

***You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.***

For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A.

### Conversation Starters

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

## ***What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?***

**When we act as your investment adviser**, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means: We will recommend that you open your account with a specific custodian, where we have an institutional relationship and receive economic benefits. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices. We have a financial incentive to recommend that you rollover retirement plan assets into an IRA we manage; however, we seek to educate you on your options and the fees and benefits associated with each choice and then allow you to choose which you feel is in your best interest.

### ***How Do Your Financial Professionals Make Money?***
